# The Ceremony

The Cubana Resort is set amongst a beautifully landscaped tropical garden and lily pond, with a picturesque water feature and white timber bridge providing the perfect backdrop for a garden wedding. A flat grass area allows easy setup for guest seating and there is an abundance of photo opportunities around the 5 acres of gardens, or a pop of colour in front of your favourite room.

In case of inclement weather, our separate bar area can be sectioned off and decorated with wedding curtains, an arbour and your own personal touches.

# The Reception

The Cubana Resort provides newlyweds with the options of a relaxed outdoor garden space, or our stylish restaurant overlooking the garden and pond, or a combination of the two. Welcome drinks, canapés, or a grazing table can be set up in the garden area by the pond. Guests can relax and enjoy the afternoon sunset under the shade of the jacaranda tree.

Bathed in natural light, the restaurant has large doors opening onto a festoon-lit deck overlooking the pond. A separate bar area can be used for a DJ, band, or a lounge area.
